News You Can Use

FUN FOR THE WHOLE FAMILY

AT&T has the hook up for all the devices your family wants. Whether they like to post, talk or just surf the web - it's easy to connect everyone to what they want. Just add a new device to your current wireless service and you'll all be better connected to the world and each other. Call 855.702.0093 or go to att.com/AddMoreATT and we'll be glad to let you know about the available offers.

SAVE WITH LIFELINE

Lifeline is a government service that offers a discount on monthly local phone service. To qualify, you must receive benefits from Supplemental Nutrition Assistance Program (SNAP), Medicaid, Supplemental Security Income (SSI), Federal Housing, Veterans and Survivors Pension Benefit, or your income must be at or below 135% of the federal poverty guidelines. You must provide certain eligibility documentation with your application and willfully making false statements to obtain benefits can be punished by fine or imprisonment or you can be barred from the Lifeline program. Lifeline service can't be transferred to another person and only one wireline or wireless discount per household is allowed. Please call 800-377-9450 for more details.

WE'RE HERE FOR YOU!

We hope you're enjoying your service. If we can do anything to help make it even better, call us at 888.618.7149. When you call, ask about special limited-time money-saving offers and how to bundle our premium services to get the best value. Bundled services include DIRECTV, wireless service, and more. Call today! Go to att.com/MyBundle for more info.

TTY LIMITATIONS FOR 911 CALLS & RTT PROGRESS

Wi-Fi Calling and Numbersync won't work with TTY devices and don't support 911 calls over TTY devices because of technical limitations. People with communication disabilities can still reach 911 services by either (1) calling 911 directly using a TTY over the cellular network or a landline telephone, or (2) sending a text message to 911 directly (in areas where text-to-911 is available) using a wireless device over the cellular network, or (3) using relay services to place a TTY or Captioned Telephone Service (CTS) call over the cellular network or a landline telephone, or (4) using relay services to place a IP Relay or IP CTS call over a cellular data or other IP network. Go to www.att.com/wificalling and www.att.com/numbersync for more information about TTY and progress with Real-Time Text (RTT).
