

HCPSS Attendance Area Committee—Citizens Interest Form

The Howard County Public School System invites citizens to take an active role in school attendance area adjustments (redistricting) and school boundary alternatives as a member of an Attendance Area Committee. The knowledge, experience and perspective shared by community stakeholders improve the attendance area adjustment process and ensure transparency at every stage of the committee's work.

Proposed boundary adjustment plans must be reviewed by a committee comprised of 10–15 Howard County residents and may include one student. If selected, you will receive an email with meeting schedules and additional information. Thank you for your interest.
