2018 YRBS/YTS Coordinator Training

August 20, 2018
Goals and Objectives

• Understand the Maryland YRBS/YTS
• Review the 2016 Maryland YRBS/YTS Data
• Learn about YRBS/YTS Sampling Schools and Classrooms
• Discuss YRBS/YTS Parental Permission
• Review Roles and Responsibilities
• Review Survey Timeline
Who Are We?

- MSDE
- MDH
- ICF
Survey Overview
Maryland YRBS/YTS
Maryland Survey History

• 2000: Maryland tasked with a biennial Tobacco Study
  • Md. Health-General Code Ann. § 13-1003 and § 13-1004
  • The tobacco study began as CDC’s Youth Tobacco Survey (YTS)
    • The YTS collected data related to tobacco use, cessation, and secondhand smoke from students in grades 6 through 12
    • Collected in the Fall of even years
  • Data collected on a statewide level and jurisdiction-level
Maryland Survey History Cont.

• 2005: MSDE begins biennial Youth Risk Behavior Survey (YRBS) in Maryland
  • Conducted biennially in the Spring of odd years to track priority health risk behaviors among youth in grades 9 through 12
  • Data collected on a statewide level only

• 2013: Maryland combines the YTS and YRBS (YRBS/YTS)
  • Reduce survey burden in schools
  • Comparison of tobacco use behaviors with other priority health risk behaviors
Maryland YRBS/YTS Summary

- Combination of the Youth Risk Behavior Survey and the Youth Tobacco Survey
- 2/3 Core Youth Risk Behavior Survey - CDC
- 1/3 Youth Tobacco Survey and Stakeholder requests
- Separate Middle School and High School Instrument
- Jurisdiction-level data and statewide data
- Conducted via paper and pencil during one class period (approx. 45 min.)
- Fall of every even year
Core YRBS Survey Topics

- YRBS Core Survey Topics Include:
  - Personal Safety
  - Bullying and Violence
  - Mental Health: Suicide and Depression
  - Sexual Health
  - Alcohol, Tobacco, and Other Drug Use
  - Nutrition and Physical Activity
YTS Survey Topics

• YTS Survey Topics Include:
  • Knowledge and attitudes regarding tobacco use
  • Exposure to media and advertising
  • Information on the enforcement of minors’ access regulations and laws
  • Presence of tobacco programs in school curricula
  • Cessation attempts and successes
  • Secondhand smoke exposure
  • Prevalence of other tobacco products (i.e., pipe use, bidis, kreteks, and snus)
Value of the YRBS/YTS data

• Monitor and address youth priority health-risk behaviors that may lead to disability, injuries, social issues and mortality.
• Measure progress towards national health objectives highlighted in Healthy People 2020
• Evaluate the effect of school and community based programs and interventions
• Help with planning programs, interventions and policy-making
How the Data are Used in Maryland

• State level reports:
  • Maryland Youth Risk Behavior Survey Biennial Report
  • Cigarette Restitution Fund (CRF) Tobacco Biennial Legislative Report and Summary Report
  • Reports to federal entities, such as CDC

• Data are used by local health departments, students, schools, and other local organizations

• Program evaluation and analysis at state, local, and community levels
2018 YRBS/YTS Survey Details

Middle School
- 86 Questions
- New this year: Homelessness, Food Insecurity

High School
- 99 Questions
- New this year: Homelessness, Food Insecurity, Adverse Childhood Experiences (ACE), Gambling
Results

Overview of Youth Risk Behaviors
2016 Maryland YRBS/YTS Data
2016 YRBS/YTS Sample

• 2016 sample included:
  • 51,087 high school students
  • 23,568 middle school students
  • 184 Public/Vocational/Charter High Schools
  • 174 Public/Vocational/Charter Middle Schools
Trends 2014-2016*

**Favorable Trends**
- Decreased cigar, cigarette, ESD use
- Decreased intake of sodas

**Unfavorable Trends**
- Increased violent behavior
- Increased mental health issues (suicide and depression)
- Decreased consumption of healthy food

*Based on trend analyses using a logistic regression model controlling for sex, race/ethnicity, and grade, p < 0.05
Mental Health

1 out of every 7 Maryland high school students has made a plan about how they would attempt suicide.*

1 out of every 4 Maryland middle school students felt sad or hopeless for ≥2 weeks in a row (so that they stopped doing some usual activities, ever during the 12 months before the survey).*

* = Statistically significant upward trend (based on t-test analysis, p<0.05)
** = Statistically significant downward trend (based on t-test analysis, p<0.05)
Tobacco/ESD Use Behaviors

High School Youth Use of Cigarettes, Cigars, Smokeless Tobacco and ESDs
2000-2016

% Youth Product Use

- Cigarettes
- Cigars
- Smokeless Tobacco
- ESDs

Fall 2010: 14.9%
Spring 2013: 14.6%
Fall 2014: 13.3%
Fall 2016: 13.3%
## Alcohol, Marijuana, and Other Drugs

### 2016 Youth Alcohol/Drug Use

<table>

18
Nutrition

Maryland High School Student’s Dietary Behaviors In Last 7 Days
2008-2016

% High School Youth

No Fruit: 5.9% to 15.0% to 16.3%
No Vegetables: 9.0%
No Soda: 21.6% to 31.8%
Physical Activity and Obesity

38% of high school and 42.7%* middle school students report playing video or computer games for 3 hours or more on an average school day.

12.6% of high school students had obesity.*

50.5% of middle school students were physically active for at least 60 minutes per day on five or more days in a week.**

* = Statistically significant upward trend (based on t-test analysis, p<0.05)
** = Statistically significant downward trend (based on t-test analysis, p<0.05)
Violence and Bullying

Middle School Students Ever in a Physical Fight

- Never in a Physical Fight, 47.7%
- Ever in a Physical Fight, 52.3%*

Bullying in Maryland High Schools and Middle Schools

- High School
  - Bullied on School Property: 18.2%
  - Electronically Bullied: 14.1%

- Middle School
  - Bullied on School Property: 28.2%
  - Electronically Bullied: 15.4%

* = Statistically significant upward trend (based on t-test analysis, p<0.05)
** = Statistically significant downward trend (based on t-test analysis, p<0.05)
2018 Maryland YRBS/YTS Preparation

YRBS/YTS Sampling Schools and Classrooms
Why we sample?

• To survey every student in every school is costly, time-consuming, and unnecessary.

• To decrease the burden, in most jurisdictions we draw a random sample of schools and students.
  • In some jurisdictions, it is impossible to take a sample as the number of schools and students available is too small.

• CDC requires a combined student and school response rate of 60% for our data to be valid so everyone counts!
2018 Maryland Youth Survey Sample

- Sample derived from projected enrollment data provided by MSDE
  - 56,117 (potential) high school students
  - 33,059 (potential) middle school students
  - 185 Public/Vocational/Charter High Schools
  - 183 Public/Vocational/Charter Middle Schools
Sampling of Schools and Classrooms

#1 Sampling Parameter

- MDH and MSDE sends Westat (CDC contractor) middle school and high school **projected enrollment** numbers from the previous school year.

#2 Selecting Schools

- Westat randomly selects schools to participate in survey based on student population and number of schools in jurisdiction.

#3 Selecting Classrooms

- ICF randomly selects classrooms based on random interval numbers provided by Westat.
Increasing the Participation Rate by Updating Enrollment in Classrooms

• A high participation rate is critical
  • To get weighted data (60%)
  • Have confidence in student behavior estimates

• The (# of students present to take the survey) and the (total # of students enrolled in the class) are equally important

• Example:
  • If 17 out of 25 students in a class complete the 2018 YRBS/YTS, the participation rate is 68%
  • However, if 5 of the students who did not participate are ineligible and removed from the total class enrollment number, the participation rate is 85%!

• Ineligibility: Students who moved, dropped out, or no longer attend the class
2018 Maryland YRBS/YTS Preparation

YRBS/YTS Parental Permission
What is Passive Parental Consent (aka, Opt-out)?

• Passive consent requires a signed form be returned marked “NO – My child may not participate.” Otherwise, permission is assumed and the student can participate in the MD YRBS/YTS.

• Participation in the YRBS/YTS survey is encouraged, however parents will have **two** opportunities to opt-out
Parental Opt-Out Form

• **Must include:**
  • Description of the YRBS/YTS Survey
  • Anonymous nature of survey
  • How student information will be protected
  • Must be an ‘opt-out’ form, not ‘opt-in’
    • Passive consent
Parental Opt-Out Forms Examples

Baltimore City Schools Example:

Opt-out of Tobacco and Risk Behavior Survey

The Youth Tobacco and Risk Behavior Survey (YTRBS) monitors priority health-risk behaviors, including tobacco use and the prevalence of obesity and asthma among youth and young adults. The YTRBS is conducted by the Maryland Department of Health and Mental Hygiene (DHMH) and the Maryland State Department of Education (MSDE) in partnership with the Centers for Disease Control and Prevention (CDC). In addition, Baltimore City Public Schools conducts a similar survey, the Youth Risk Behavior Survey, in partnership with DHMH, MSDE, and the CDC. Please note that:

- Schools and classrooms are randomly selected to participate
- The survey is completely anonymous
- All answers are private
- Student names are not collected on the survey response sheet
- Students will not be asked to complete more than one survey

Additional information about the survey, including a copy of the survey questions, can be obtained at the DHMH website.

☐ As the parent/guardian of the student named on the reverse of this form, I do not give permission for my child to participate in the survey.
Parental Opt-Out Forms Examples

Passive Consent

Description of the survey

Anonymity and Privacy Information

Voluntary Survey

MARYLAND
Department of Health

MARYLAND YOUTH RISK BEHAVIOR SURVEY/YOUTH TOBACCO SURVEY
PARENTAL "OPT OUT" FORM

This form only needs to be returned if you do NOT want your child to participate.

MARYLAND DEPARTMENT OF HEALTH (MDH) in collaboration with the
Maryland Department of Health (MDH) in collaboration with the
Maryland State Department of Education (MSDE) and the Centers for Disease Control and Prevention
(CDC). The survey was designed by the CDC to identify risk behaviors that may include safety
behaviors such as the use of helmets and seat belts, depression and mental health, use of tobacco, alcohol, or
other drugs, nutrition and physical activity, and sexual behavior. The survey takes one class period (45
minutes) to complete.

The survey has been designed to protect your child's privacy. The survey is confidential, and students
will not be asked their names on the survey. Also, no school or student will ever be mentioned by name in a
report of the results. Although your child may not benefit immediately from taking part in the survey, all
children will ultimately benefit from the information collected that will guide the development and
implementation of State and local programs designed to increase their health.

We would like all selected students to participate. However, the survey is voluntary. Doing this
paper and pencil survey will cause little or no risk to your child. The only potential risk is that some
students might find certain questions to be sensitive. If your child is not comfortable answering a
question, he or she may skip it. No action will be taken against the school, you, or your child, if your
child does not take part. In addition, students may stop participating in the survey at any point without
penalty. A copy of the questionnaire is available for your review at the school and on the health
department website listed below.

A review board has approved the survey. If you have any questions about your child's rights as a
participant in this survey, or if you feel your child will be harmed in any way by taking part, please call
toll-free 1-877-878-3935, leave a message including your name and phone number, and someone will
call you back as soon as possible. For more information about the survey, please visit
http://yhrs.dhms.maryland.gov/cdcpc/Reports/Pages/yhrs.aspx or www.cdc.gov/HealthyYouth

If you do not want your child to take part in the survey, (1) check the box below, (2) sign the form and
date it, and (3) return it to the school within 3 days. Please see the other side of this form for more facts
about the survey. If your child's teacher or principal cannot answer your questions about the survey,
contact Brenda Clark, toll-free at 1-877-878-3935. Thank you.

Child's name (please print) Grade

I have read this form and know what the survey is about.

☐ No - My child may not take part in this survey.

Parent/Guardian signature Date

MARYLAND DEPARTMENT OF HEALTH
Parental Permission Form Distribution

• Md. Education Code Ann. § 7-420
  • Passive parental opt-out process
    • 1st wave of opt-out forms must accompany the Emergency Contact Form at the beginning of the school year (all students)
    • 2nd wave of opt-out forms only given to randomly selected classrooms
  • Students are excluded from participation in the survey if either the 1st or 2nd wave parental opt-out form is returned to school
Tracking the Parental Opt-Out Forms

• What are some ways your school system tracks the opt-out forms and/or the Emergency Contact Forms (Cards)?
2018 Maryland YRBS/YTS Implementation

Roles and Responsibilities
YRBS/YTS Local Coordinators

School-level Point of Contact (POC)

ICF

MARYLAND Department of Health

MARYLAND STATE DEPARTMENT OF EDUCATION

EQUITY AND EXCELLENCE
Maryland Department of Health
Roles and Responsibilities

• Oversees and monitors implementation of the survey
• Develops and revises the survey questionnaires
• Provides technical assistance to ICF related to data collection
• Provides secondary analysis of data and produces reports
• Monitors ICF contract
• Responds to inquiries regarding the YRBS/YTS
Maryland State Department of Education
Roles and Responsibilities

• Collaborates with the MDH for the implementation of the survey.
• Shares planning and implementation responsibilities with the MDH.
• Works with the MDH to approve and revise the survey questionnaires
• Coordinates technical assistance with the MDH.
• Serve as a liaison between the local schools systems and the MDH.
• Provides data and reports to the LEAs.
ICF Roles and Responsibilities

- Coordinates with MDH and MSDE on the MD YRBS/YTS administration
- Provides a survey administration timeline
- Trains Logistic Coordinators to properly set up the survey administrations in the schools
- Interviews, hires and trains field data collectors
- Monitors student response rates in each school to ensure all selected students have opportunity to participate
ICF Roles and Responsibilities Cont.

• Prints the surveys and all other survey related materials

• Provides ongoing assistance to local coordinators; school personnel; and the MDH

• Ensures all necessary information is collected according to best practice CDC guidelines to maintain data integrity

• Transmits completed data to CDC contractor (Westat) for scanning, weighting and primary analysis
# Summary of Local Coordinator Roles

<table>
<thead>
<tr>
<th>Role</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Facilitate</td>
<td>Facilitate communication between the MDH, ICF with schools randomly selected to participate in the YRBS/YTS within your jurisdiction.</td>
</tr>
<tr>
<td>Coordinate</td>
<td>Coordinate scheduling dates for school survey visits with the ICF Logistics Coordinator.</td>
</tr>
<tr>
<td>Communicate</td>
<td>Communicate to MDH, MSDE and ICF any issues involving scheduling, classroom refusals, and school-wide activities (e.g. field trips) that may interfere with survey administration.</td>
</tr>
<tr>
<td>Track and Confirm</td>
<td>Track and confirm that only students that did not return an Opt Out Form were surveyed by ICF in the selected schools on the scheduled day.</td>
</tr>
</tbody>
</table>
Local Coordinator Roles

1. Identify a point of contact (POC) for all selected schools
2. Determine who will be responsible for survey arrangements (You or school POC)
3. Develop a plan to track opt-out forms that are returned with the Emergency Contact Forms
4. Meet with school POC to determine:
   a. What class/class period survey will be conducted in
   b. What day would be best for conducting the survey
5. Generate **class lists** with all students in targeted grades.
   a. Middle School (6-8)
   b. High School (9-12)
Data from Class lists

• Generated class lists are sent to ICF
• ICF produces a Summary of School Arrangements for each selected school
SUMMARY OF SCHOOL ARRANGEMENTS
MARYLAND YOUTH RISK BEHAVIOR SURVEY AND
YOUTH TOBACCO SURVEY

We look forward to visiting your school to administer the Maryland Risk Behavior and Youth Tobacco Survey. This sheet summarizes the arrangements for the survey administration. Please review and if you have any questions or corrections, please call us toll-free at 1-877-878-3935 between 8:30am-5:00pm, Monday-Friday or you may email MDYouthSurvey@cfb.org. Please verify that the classes listed below meet on the scheduled date of the survey administration.

School Name: Kennedy High School
School Address: 449 Dunwiddle St Anywhere, USA 22342
Principal Name: Ms Anne Glenn
Main Contact Name and Information: Carol Douglas; CDouglas@hcps.org; 410.277.8888

Scheduled Date of Data Collection: Tues, Nov 15, 2nd period

PARENTAL OPT OUT FORMS:
Teachers - Please send this opt out form home with each student at least three days in advance of the survey administration. All students are expected to participate in the survey unless a form is returned signed by the parent indicating that he/she does NOT want his/her child to participate in the survey. High student participation rates are critical for a valid statistical outcome, and therefore, we appreciate your assistance and support of this important survey.

SPECIAL NOTES: Park behind school not in teachers parking lot.
Local Coordinator/School POC Roles and Responsibilities

1. Work with ICF Logistics Coordinator to review selected classes

2. Receive and distribute Opt-Out forms to the teachers in selected classrooms

3. Make sure each teacher:
   • Distributes Opt-Out form to students
   • Tracks students who return the form with a “no”
   • Understands that the survey is mandatory, important
   • Understands the “alternate activity” options
Local Coordinator/School POC Roles and Responsibilities

4. Ensure teachers give an accurate count of students enrolled in each selected class so that we get valid participation rates (this means excluding students that for all intents are not part of selected class)

5. Meet with Data collector on the day of survey administration
   • Show the Data Collector where to go for survey administration

6. Give feedback to ICF on survey administration

7. Oversee these steps if a school POC carries out the six steps outlined above
Alternate Activity Instructions

Acceptable:

- Completing class work
- Reading a book
- Completing an alternate class activity

Not Acceptable:

- Students being told to put their head down on their desks
- Extra credit class work
- Appealing alternatives
Coordinator Materials

1. ICF, MDH, MSDE Contact Sheet
2. Sample ‘Opt-Out’ Forms
3. 2018 YRBS/YTS Timeline

Website: https://phpa.health.maryland.gov/ohpetup/Pages/YTRBS.aspx
Overview of Upcoming 2018 YRBS/YTS

Survey Timeline
2018 YRBS/YTS Timeline

**August**
- **14th & 20th:** Training of coordinators
- **27th:** Start preparing schools; ICF begins contacting Principals

**September**
- **10th:** Begin scheduling schools
- **24th:** Begin survey administration

**October-November**
- **November 16th:** Last date for survey administration
- **November 30th:** Last date for make-ups
How to Follow-up With Schools to Ensure Timely Administration

Stay in touch with the schools until the end of data collection!

A few days before
- Call the school and make sure permission forms went out
- Find out if everything is still on schedule
- Ask if there are any questions regarding data collection

The day before
- Call the school contact to make sure everything is ready for data collection
- Ask if they need additional assistance
- Ask if the teachers are aware of the schedule

The day after the survey
- Confirm that survey occurred on scheduled date
- Ask how the survey went
