

Summary Mileage Study 9/17 – 11/17

- Currently, 29 individuals receive a monthly allocated mileage stipend.
(Range: \$125.00/mo. to \$570.00/mo.)
- Cumulative quarterly allocated mileage stipend: \$34,155.00
(Range: \$375.00/qtr. to \$1,710.00/qtr.)
- Cumulative quarterly mileage stipend based on actual reimbursable mileage: \$12,905.08
- Difference: \$21,249.92/quarter
- The actual quarterly mileage stipend (based on actual reimbursable mileage) was **greater than** the quarterly allocated mileage stipend for 4 individuals.
(Range: +\$15.63 / +\$274.36)
- The actual quarterly mileage stipend (based on actual reimbursable mileage) was **less than** the quarterly allocated mileage stipend for 25 individuals.
(Range: -\$3.28 / -\$1,487.93)

Other Points to Consider

- The data was collected during the first quarter on the job for several of the staff members receiving stipends. During this time, they were unable to travel to schools much, as they were setting routines and procedures.
- As a stipend this money is taxable.
- Staff receiving stipends travel using their own vehicles and travel beyond the duty day and weekends.
- The payment of a stipend saves staff time that would be spent completing, submitting and reviewing mileage.
