Jen,

Here's one last idea to address the requests of multiple communities in Central Columbia/Columbia West. Is there any possibility this can be considered on Thursday?

To address the concerns of several Central Columbia communities, please consider the below set of moves to revise the current BOE attendance area adjustment plan:

1. BWES to CCES – 132, 1132, and 2132 (return to existing school)
2. CCES to SES – 66, 134, 1066, 1134, and 2134 (suggested in your plans and the Superintendent's Plan)
3. SES to PRES – 64, 129, 1064, and 1129 (return to existing school)
4. PRES to DOES – 189 (been flipped in/out of many plans). This new development should have been moved to DOES in 2017 to relieve overcrowding. Instead it remained at PRES and 127 was moved in as well.

These moves address the community concerns reducing the overcrowding at BWES, maintaining ~77% of the existing CCES students at CCES, and removing the island of PRES to SES.

Thank you for considering.

I look forward to meeting either way in December.

Amy

Amy,

Thank you for your message.

I appreciate your advocacy and engagement, and even more—your commitment to civility.

I am taking stock of all our proposed reassignments and am doubtful of additional changes.

I know you were connected with me via your coworker and my friend, Amanda, and I would be more than happy to meet in December if you are interested in ways to connect with your probable new school community. Just let me know if you are still interested.

Regards,
Jennifer

Hi Ms Mallo,

I wanted to write after last night's meeting to note two things.

First, I sent this message to Ms. Coombs earlier this morning and wanted to express the same sentiment to you:

"Hi. I wanted to message you to let you know that we at Pointers United are very upset by Matt Levine's actions at the BOE meeting. While he lives among us, he does not represent us or speak for us in anyway. I just wanted to be clear about that. I'm hopeful you might consider the reality that we are now an egregious island, driving through other attendance areas to get to SES, the fourth closest school. I've personally had an issue with Matt Levine's language and conduct since 2011 when we first moved into the neighborhood."

Second, I wanted to ask if there was any way to have you revisit your decision for our neighborhood as it clearly violates Policy 6010, making us an egregious island that would have to drive through the Clemens catchment area just to get to the fourth closest elementary school. It will disconnect us from our community school, swim team, Scouts, etc. and move us two villages away. I'd ask that you respectfully consider this request.

Sincerely,

Amy Becker

Amy Becker

Pointers United Will Hold Rally to Keep Community Children in Community Schools

FOR IMMEDIATE RELEASE

HOWARD COUNTY, MARYLAND (November 15, 2019) - *Pointers United*, the western Columbia community group focused on keeping community kids in community schools, is organizing a rally to show county wide unity in keeping all children in their nearest school.

This gathering is in direct response to the sudden change in direction by the Howard County Board of Education that will move communities from their neighborhood school, in violation of parts of the Howard County Public School System's Policy 6010 which "define[s] the conditions and process by which school attendance area adjustments will be developed and adopted."

Some of the violations include: overfilling a high needs school, creating an island of houses separated from the rest of the school, increased transportation costs, and creating a small number of students from elementary to middle & high school.

In addition, this move will require busing nearly 200 children through a closer school attendance area, impacting after school activities and parental involvement.

The gathering will be tomorrow, **Saturday, November 16, 2019 at 12 noon** at the community children's playground to the south of the intersection of **River Run & Summer Sunrise Drive, Columbia, MD**. GPS users can enter [6444 River Run, Columbia, MD](#) or 39°11'48.3"N 76°54'47.6"W. Ample street parking is available.

Hi Ms Mallo,

I am DEFINITELY still interested in meeting with you. And PU is certainly interested in leading the charge to make the transition as smooth as possible for all. We really do believe in civility and have consciously made an effort to engage with civility on all fronts.

I SO love working with Amanda. She's an amazing leader for the university, our students, and makes for an excellent colleague!

With respect to our neighborhood, I'm not sure the board realizes the only ingress/egress to the east is at Grace Dr and Cedar Lane, making it very clearly an island (with respect to transportation) in relation to Swansfield Elementary School. We actually have to drive through 12 Clemens polygons (by my count) to get to Swansfield. The Middle Patuxent Environmental Area runs between the NE edge of polygon 64 and the polygons on the other side. Our neighborhood has pointed out this very significant geographical factor in numerous letters, but it seems this concern has never been addressed.

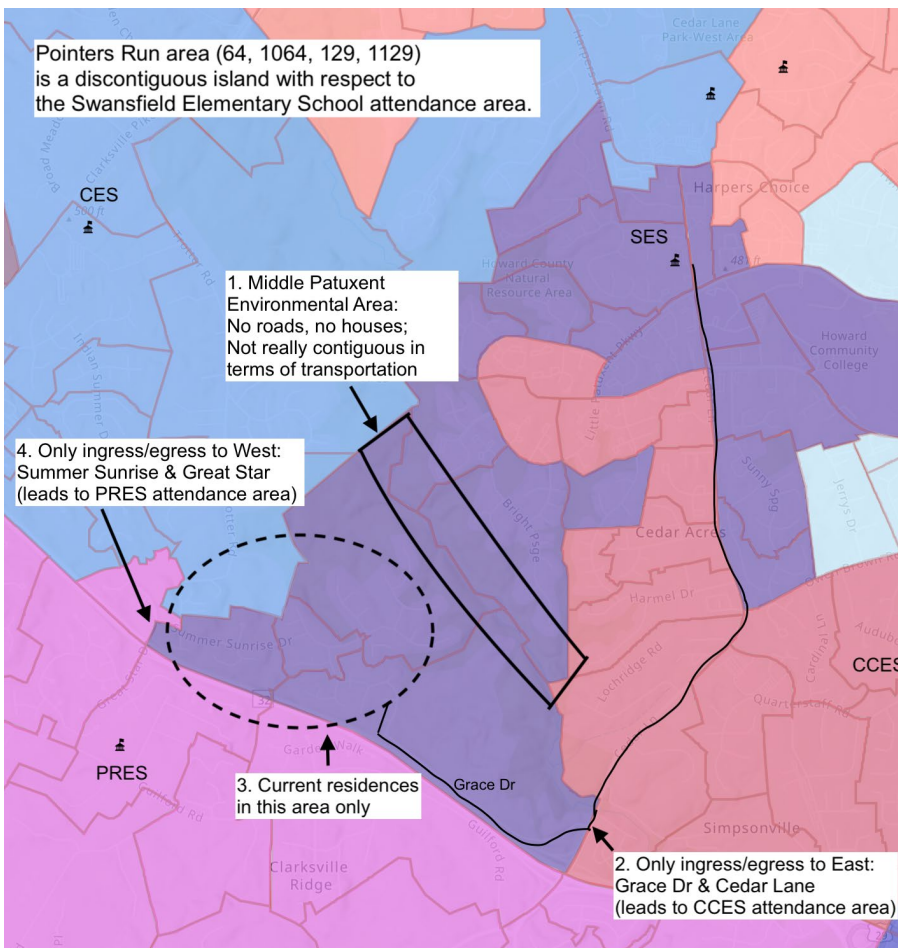

Anyway, if you're open to it, I'd be happy to chat with you on the phone about today this geographic concern. I have a break at 12:30. Would it be possible to call you?

Regardless, I'd love to connect in person in December.

Thanks,

Amy Becker

Subject: Re: Repeat Testifiers
Date: Thursday, October 3, 2019 10:02:47 AM

Hi,

It is probably Matt Levine and he is representing the River Hill Board for River Hill now. He previously testified for the Board for Atholton. The River Hill Board has no one else to represent them. We did find out that students who already spoke registered as a group and they have been removed.

So unless I have a name, that is all we can do.

Take care,

Kathy Hanks
Administrator

Subject: Repeat Testifiers

Some have alerted me that there is a repeat person in the RH group. Is there a way to address this?
