Good Morning,

I based the recommendation on not having PTACHC and SECAC representatives at our next meeting on the fact that both organizations have other avenues to express their concerns. Additionally both groups have Board of Education members as liaisons to bring their issues back to the full Board. In fact, both Ms Delmont-Small, Ms Cutroneo and others have worked closely with the leaders of these organizations for years and I am sure if they have any questions for them, could have them answered well before Thursday's meeting. Being open and transparent does not mean inviting every community organization to our meetings just because they have an advocate on the Board.

So by this email, I am asking that Board refrain from further discussion of this issue on email until our meeting on Thursday where we can vote on it if necessary.

Howard County Board of Education

Colleagues,

I agree with Ms. Cutroneo - we should have representatives from PTACHC and SECAC available to answer Board member questions. This is a decision that should be made by the whole Board, and in support of the Superintendent's focus on transparency and community input, I will be bringing forward a motion on Thursday for these organizations to be available for questions from Board members.

Sincerely,
Christina
