For the best possible viewing experience, we recommend viewing on Firefox or Google Chrome.

If you have any questions, please let Peta Rubenstein or myself know how we can be of assistance. We are excited for you to share this film with your community. All viewers will need to enter their email address and create a password to access the film; this allows us to keep track of views, and will enable you to receive registration data, but will not be used for any other purpose. We respect privacy and registrants will not receive any unsolicited emails from iNDIEFLIX that are not related to this screening.

We would also like to invite you to take a few moments to complete our post screening survey, this can provide your school valuable information while helping us to improve our films so that together we can impact as many lives as possible...
