Hi all,

Does anyone want to read the Burden of Proof and 10-23 testimony tomorrow night? If we do not have anyone, we can submit the written testimony. Also, as a reminder, if you plan to testify personally on any legislation, please try to identify that you are speaking as an individual.

Hi Ms. Watts,

I just spoke to Ms. Delmont-Small and made a few edits that are now incorporated into the draft in the testimony folder. She did ask who would be testifying but I didn't get a chance to see if she wanted to volunteer. Please let me know once this is approved and how you would like me to proceed in submitting/signing up for the Board.

Ok thank you. I put a new draft in the Board Testimony folder for your review that includes both Burdon of Proof and 10-23. There wasn't a lot of discussion from Monday to include in the position reasoning so please let me know if you would like to add or I should reach out to Ms. Delmont-Small as the maker of the motion for more context.

I plan to attend the hearing on the 14th so can do the sign-up and bring copies once you know who is speaking for the Board.

We can give burden of proof testimony and this one as well. We are still sorting out the committees but I'm sure someone will want to give them.

One additional note, Senator Hester's staff let me know 4-23 (USM redistricting analytics) will not be up for testimony on 12/14. They are still working on it.

Good morning,

Yes, I am working on that and should have it ready today.

Based on the last email chain regarding testimony, do you want this drafted as part of testimony for the other two bills I had originally sent, or because the board had prior positions on those are you thinking testimony on 1023 is all we will submit for 12/14?

Danielle
