Hello amazing Wildecats! We wanted to invite you to join WLHS staff, parents/families, and community members for one or two workshops next week as described below. Please email me at marcy_leonard@hcpss.org if you would like to attend workshop #1 and/or workshop #2. You will need to provide your own transportation and masks are required during the workshops.

Workshop #1 is Tuesday, August 3 and Wednesday, August 4 at Swansfield ES (5610 Cedar Lane in Columbia) from 9am-4pm. This is our "Restorative Justice Implementation Team" planning workshop, and we will be planning our restorative justice initiatives for the coming school year. We have a cap of 4 or 5 students for this workshop.

Workshop #2 is Thursday, August 5 at Swansfield ES from 9am-3pm. This is a workshop titled "Tapping Untapped Potential - Organizing Family and Community Volunteers" and we have room for anyone who is interested.

Many thanks!

Testing News

Students in Grades 9 – 12 will participate in a range of different state tests over the next few weeks. These tests are in science, math, and English language arts. The test(s) your student will take depends on their grade level as well as what classes they have completed over the past year. You will receive more individualized emails in the days leading up to these assessments. These tests must be taken as part of their graduation requirements, but do not impact their class grades or their overall GPA. For more information on these please visit the [HCPSS testing information page HERE!](#)

On October 13, students in grades 9 – 11 will be participating in the PSAT. This assessment is used in several ways including helping students and their counselors select appropriate classes for the next school year, to help them prepare for the SAT, and to help students qualify for college scholarships. It is important that students in grades 9 – 11 arrive to school on time and ready to participate in this assessment on October 13.

Rise Up Mentorship

Hello Wildecats!

We are a group of Black/Brown students who have started a mentorship program in Wilde Lake. Our group noticed that there are some disparities between those who enroll in rigorous courses such as AP/GT.

Our mission is to provide support to Black or Brown students that are taking rigorous courses such as honors, GT and/or AP for the first time in order to encourage students to take these classes and succeed.

If you are enrolled in such courses and feel like you would benefit from some extra support, please sign up to join the program. You will be mentored by older Black/Brown students that have already taken these courses and are excited to help you succeed! NEW/UPDATED INFORMATION

Good News!

Congratulations to [REDACTED] and [REDACTED] on earning National Merit Scholarship Semi-Finalist status!

Congratulations to the Wilde Lake HS Students for Social Justice, who will be honored on October 19th with the Howard County Human Rights Commission's Colette Roberts Organization Award!

Congratulations to all organizations and students who participated in the inaugural Find Your Purpose Create Your Path speaker series and luncheon today at WLHS! County Executive Dr. Calvin Ball was our speaker, and he spoke powerfully to our students about his journey from high school to the County Executive's office. Many thanks to Kazandra Anderson for creating this opportunity! You can see pictures at https://twitter.com/hcpss_wlhs/status/1438918576958853120.

Advisory

The schedule for this coming week's Advisory activities can be found at [4.9/20-9/24](#). As a reminder, the media center is closed for services to staff and students during Advisory so our wonderful media staff can facilitate their own Advisor groups.

Withdrawal Deadline for Course Credits

The withdrawal deadline for course credit for students for full year and first semester courses is September 30.

Student Wireless Access

Please ask students to make sure they are accessing wireless on their chromebook and personal *device/phone through HCPSSWireless, not HCPSSGuest. The wifi is much better on HCPSSWireless*, and students will have much better access to the QR codes and instructional materials.

Students in Quarantine

HCPSS shared updates today in a 12:27pm email about Instructional Support during Quarantine, Daily Health Check Reminder, HCPSS COVID-19 Dashboard Update, and In-School COVID Testing, and an Update on Staff Vaccination/Testing. You can find the content of the email at [COVID Health and Safety Updates 9.17.21](#). TL;DR...

- Assignments and materials for quarantining students should be available on your Canvas page.

- 20 minutes of synchronous support time with quarantining students is as the student or family member connects with you to share that the student would like to participate.
- The 20 minutes of synchronous support time can be at the time that is best for you during the work day, which could be PIP or after school hours.
- The staff COVID testing system for unvaccinated staff is scheduled to launch the week of October 4. Details to follow.

[Testing for September 21 and September 22 - Brett's email from 9.15.21](#)
[WLHS Testing Email from The Kirch and Momo 9.15.21](#)

Goal Setting Conferences

- Goal setting conferences for certificated staff will take place between September 20 and October 20. Staff will be notified by their departmental administrator about their conference date.
- All certificated staff will create one SLO for the year, and on-cycle staff (staff being formally observed) will also identify a component each in Domain 1 and Domain 4 for professional practice artifacts.
- You can find the details for the goal setting conference process at .
- Want some in-person support for the conference? Lindsey Startt and Brittany Franckowiak will be holding Evaluation Support session on September 21 and October 5 at 2:20pm in room 328.

Feedback from September 15 PIP Meetings in Media Center

We appreciate the feedback from everyone who was able to join us in the media center on Wednesday or send feedback about the start to the school year. A few items to follow up on some themes we have heard as we continue to fine tune our processes returning everyone back to the building for the first time in 18 months:

- The amount of time it takes for everything we are doing is definitely longer than we are accustomed to in pre-COVID times. Planning, instruction, understanding student responses through their masks, grading -- it all seems to take more time and more energy. Know that you are not alone in this feeling, and let your ITL, departmental administrator and Marcy know if we can support you with anything or if you just need a listening ear.
- We have and will continue to hold students accountable for decisions that are contrary to school system policy and the student code of conduct. Accountability for our actions is a vital part of being in a community together.
- Staff members are always welcome and expected to hold students accountable for on-time attendance to class. If a student is habitually late, you are welcome to take the following steps:
 - conference with the student to understand the root cause of the lateness and collaborate on a plan to address the issue

- o contact the student's parents/family members
 - o contact the student's Advocat, administrator, counselor, case manager, coach, advisor or other trusted adult
 - o assign the student to spend time with you outside of class to make up for missed class time and ensure clarity of expectations
 - o refer to the R&R process and/or administration
- With the elimination of hall duty, we appreciate staff members' presence in the halls between classes, when you are able, in order to support students' on time arrival to class.
- Per Wednesday's announcements, the only acceptable lunch locations for students are:
 - o cafeteria
 - o cafeteria patio
 - o Peace Room
 - o Gold Room
 - o teacher classroom (with teacher permission)
 - o media center (no food allowed)
- Some students may be assessing if they will be addressed by staff if they are not wearing their mask correctly. Please remind any student without a mask properly on their face to pull up and put on their mask.

Students with Food, Supplies, Resources Needs

- If you have any students who would benefit from extra food resources, the Corner Cafe' starts operations next week!
- If you have a student whom you believe would benefit from additional food resources, school supplies, heating/AC help at home, medical assistance, etc., please let the student's counselor and administrator know. We can connect with families to identify needs and connect with community resources.

Let us know any support you need with anything at any time!

Peace,
 Marcy [REDACTED]
