**Framework in Action II is a foundational part of the HCPSS Teacher Induction Program, and as such, is required for all teachers during their second year with HCPSS (both tenured and non-tenured).** This three day seminar develops participants' capacities to meet the needs of all learners as it focuses on the manner in which teachers do what they do.

Seminar participants will engage in adult learning experiences that: amplify their understanding and ownership of their unique strengths and growth areas in their journey to become a more equitable educator; strengthen their commitment to equity and cultural competence by applying culturally responsive practices to their own context; maximize collegial sharing that builds on personal and professional experiences and synthesizes the connection between culture, cognition, and customized learning.

*Novice and experienced teachers in their second year in HCPSS (hired in the SY22-23) are expected to attend two occurrences in order for their attendance to be considered complete. Please attend even if you did not complete or attend Framework in Action: Level 1.*

**Substitutes are provided. In the Frontline Absence Management system use Absence Reason - Prof Development>Teacher Development.**

Lunch and Beverages will not be provided. Feel free to bring your own. You may prefer to go out to lunch with friends at nearby restaurants during your lunch time.
