

# Team Consideration of Independent Document

Will replace the Review of Independent Assessment Form

- Will be a TIENET form
- Significantly shorter and more concise
- Most of the discussion will go on the meeting report
- Focus on comparing data to school-based data
- Focus on “consideration” versus “review”
- Can be used for any document brought in for the team to review (ex. Doctor’s note)

# Team Consideration of Independent Document

Find the form in TIENET under Create New Document → Other
